## WILL HASTEN TO CHINA

### Germany Will Aid in Revenging Massacres

### AMERICAN TROOPS DISPATCHED

### Japan Begins at Once With Full Consent of the Powers. Situation is Desperate.

BERLIN, July 8.—The news from China overwhelms everything here. The usually quiet, self-contained German nation, both high and low, has become deeply nervous. Every bit of news from China is commented on heatedly everywhere. Opinions differ locally among the masses, but the majority believe with the government that the Chinese situation is most serious. It is believed before long that the weightiest decisions must be taken. Emperor William will, on Monday, accompany the German ironclad division, bound for China, into the North sea. It is known in the emperor's entourage that his majesty, in his impulsive way, not only gave utterance to many diplomatic thoughts and opinions of the news of the assassination of the German minister at Peking, but could with difficulty be restrained from following the dictates of his heart and forthwith ordering a regular army corps to be mobilized and sent to China.

The emperor's remarks to the marines at Wilhelmshaven were much more strongly worded than officially reported, and the newspapers of Wilhelmshaven and that vicinity publish the original version, in which was the following: "I hope to re-establish peace with the sword and take vengeance in a manner never before seen by the world. I send you to eradicate the dishonor done to the fatherland by barbarians. I shall not rest until the German colors fly from the Peking wall."

LONDON, July 8.—There is nothing in the few dispatches received last night to add to the ray of hope regarding the fate of the legations at Peking by yesterday's dispatches from Washington and messages from other sources indicating that the legations were still standing on July 3, and that recent attacks by the Boxers had been slight. News from other points was distinctly disquieting.

A report from Chee Foo, dated July 7, says two Catholic priests and two nuns have been murdered.

A report from Moukden, dated July 5, says the Danish mission at Hin Yun was surrounded by Boxers. According to the report it would be possible to hold out only two days. A party of Cossacks, residents of Moukden, and the British consul had started for the relief of those beleaguered at the Danish mission.

The situation at Tien Tsin on July 3d is said to have been most serious. The Japanese and Russian forces are reported to have been hurrying there from Taku, but according to some accounts, mutual distrust exists between the allies.

A report from Shanghai, dated July 7, says that British warships are vigilantly watching for the purpose of preventing any attempt of the Chinese to cross the Yang Tse Kiang river.

WASHINGTON, July 9.—The issuance today of formal orders for the dispatch to the east of more than six thousand troops from army posts in the United States was a manifestation of the energy with which the government is now about to act in the Chinese matter. True, these troops are nominally destined for the Philippines to replace the volunteers now there, but it is admitted that they are being sent out by a route that will easily admit of defection to Taku, or somewhere convenient Chinese port. Possibly Consul General Goodnow's cablegram the legations as being active as late as the 3d instant may have had something to do with this radical action. Whatever the cause, if these troops are landed in China, together with the Ninth Infantry, now supposed to be at Taku, and marine and naval contingent, the United States will have a force in action commensurate with her interests and in proportion to European forces. Japan is to begin today with the full onset of Europe, and it is calculated

that full foreign reinforcements including our own will arrive in China, if they are landed at all, in season to finish the work left by the Japanese.

LONDON, July 9.—A dispatch from Chee Foo says the American consul has received a communication from Taku under date of Thursday saying that 10,000 Chinese under General Nieh appeared outside Tien Tsin on Wednesday and reoccupied the eastern arsenal. The Chinese are fortifying the native city of Tien Tsin. The Christians at Chin Fu have been called upon to renounce their faith. The French consul reports that Ching Chou Fu, or Phange, has been pillaged. An inflammatory placard was posted in the native quarter of Chee Foo last night. The United States cruiser Brooklyn, Admiral Remy, called at Chee Foo and Nagasaki and proceeded to Taku.

More cheering news concerning the situation at Peking continues to arrive, but is generally regarded with pathetic hopelessness. Admiral Bruce today telegraphed the admiralty from Taku that there are grounds for hoping that Prince Ching with his army in Peking is protecting the legations against Tuan and his anti-foreign army of imperial troops and Boxers.

BERLIN, July 9.—The governor of Tien Tsin cables the German foreign office that several German Catholic missions and one American mission in Shang Tung province have been destroyed; the missionaries, however, were saved.

TIENTSIN, July 8.—Delayed—Chinese attacked the foreign troops at 4 p. m. today with twelve guns. The allied forces replied, using guns of the British cruiser, Terrible. Afterwards a force of one thousand foreign troops marched to attack the Chinese under cover of the naval and field artillery.

KIEL, July 9.—The first division of the German fleet consisting of four battleships and a cruiser sailed today for Chinese waters. Their departure was witnessed by the kaiser, Prince Henry and a great crowd.

VICTORIA, B. C., July 9.—H. M. S. Arctura has been ordered to China. She will leave Wednesday.

### AS TO TRADE CONDITION.

No Disagreement and no Plan as to Prices.

NEW YORK, July 9.—President Gary of the Federal Steel company, made the following statement in reference to the recent conference among the iron and steel men:

The presidents of the Steel Manufacturing companies and the pig iron producers have generally been in consultation with regard to trade conditions. So far as I know there has not been and there is no question of disagreement between them. No decision has been made concerning any definite plan for the reduction or maintenance of prices. There is a feeling that the price of products is at the bottom.

### Of Fabulous Richness.

Hermosillo, Mexico, July 9.—Meagre reports have reached here from time to time of alleged fabulous richness of placer gold fields that have been discovered in Lower California about 50 miles south of Camp Compania. A party of three prospectors have just arrived from there bringing substantial evidence of the richness of the mines in the shape of over \$200,000 in gold dust.

### A True Bear Story.

Three weeks ago George Anderson was hunting in the Ajo mountains, when he came upon a bear cub. He sat on young brine to prevent it from escaping, and while engaged in quieting its struggles the mother broke from the bushes and charged him. The infuriated animal was within eight feet of George when he fired twice. The shots took effect at once, the animal turning a summersault, her claws just missing the hunter as she fell dead at his feet. Both bullets went through her body. It was a narrow escape for Anderson, and it was only good shooting and a very steady nerve that saved him from a struggle with the bear. The spoils of the chase were triumphantly borne off by the local Nimrod. The skin of the mother bear hangs in Kenney's meat market, while the cub was on view yesterday at the Free Coinage. The little animal appears quite tame and showed no alarm at the spectators who crowded round.

### Crazy With Grief.

LOS ANGELES, Cal., July 9.—George Decker, former first baseman of the Chicago baseball club, has been taken to the hospital in a demented condition, due to grief over the death of his wife and child.

## THE NATIONAL COMMITTEE

### Are Conferring With Bryan at Lincoln.

### BRYAN TO OPEN CAMPAIGN.

### Poynter Has Prepared Table Showing States Certain and Uncertain.

LINCOLN, Neb., July 9.—The leaders of the national committee met here last night to confer with Mr. Bryan relative to the management of the campaign. Those who came were Senator Jones, of Arkansas, chairman; William J. Stone, of Missouri; Champau, of Michigan; Johnson, of Kansas; George Fred Williams, of Massachusetts, and Josephus Daniels, of North Carolina. Bryan made a social call, but they will not meet for business until today. They will declare for the specific plank favoring an income tax—left out of the Kansas city platform by accident in the rush of the preparation of the document. Another story is to the effect that this plank was displeasing to Hill, and for this reason was admitted. The democrats have faith in their ability to induce the populists to allow Towne to withdraw from their ticket and to endorse Stevenson for vice-president.

A large ratification meeting will be held here tomorrow. The speakers in addition to Bryan will be Adlai Stevenson, nominee for vice president, C. A. Towne and Geo. Fred Williams. Bryan's utterances will not be regarded as the opening slogan of the campaign as that will come later. The national committee has little hope of carrying any of the Pacific coast states. The heaviest assault will be made on New York and the middle west.

Governor Poynter, of Nebraska, is to be the Grosvenor of the Bryan side during the coming campaign. In other words he will do the figuring. He has already prepared a table giving the following states as certain for Bryan: Alabama 11, Arkansas 8, Florida 4, Georgia 13, Kentucky 13, Louisiana 8, Mississippi 9, Missouri 22, Montana 3, Nebraska 8, North Carolina 11, South Carolina 9, Tennessee 12, Texas 15, Virginia 12, Colorado 4, Kansas 10, Maryland 8, Indiana 15, South Dakota 4, Idaho 3, Utah 3, Washington 4, Wyoming 3.

Conceded to McKinley: California, 9; Connecticut, 6; Delaware, 3; Iowa, 13; Maine, 6; Massachusetts, 4; New Jersey, 10; North Dakota, 3; Pennsylvania, 32; Rhode Island, 4; Oregon, 4; Vermont, 4; Wisconsin, 12; West Virginia, 6. Total 131. Doubtful—Ohio, 23; Illinois, 24; Michigan, 14; Minnesota, 9; New York, 36. Total 106. Congressman Sulzer also claims the Empire state for the democrats; but concedes to the republicans the states of Oregon and Washington. According to Governor Poynter's estimate, Bryan will be elected if he carries any one of the states classed by him as doubtful.

LINCOLN, July 9.—When the sub-committee adjourned for lunch the members looked tired. Chairman Jones said: "Nothing has been definitely settled as yet. Notification and date of the opening of the campaign are some time off yet." Jones would not discuss the populist features of the situation. Chicago will get the national committee headquarters.

### The President at Canton.

CANTON, O., July 9.—President McKinley spent Monday receiving callers and transacting business pertaining to his office. The rush of visitors is mostly neighbors and friends from this county.

### They'd Wash.

A writer in Good Housekeeping has related his experience in listening to a choir in "an elegant church where they worshipped God with taste and in a highly aesthetic manner."

"Off started the nimble soprano with the very laudible though startling announcement 'I will wash.' Straightway the alto, not to be outdone, declared she would wash. And the tenor, finding it to be the thing, warbled forth he would wash. Then the deepest bass, as though calling up all his fortitude for the plunge, belloped

forth the stern resolve that he would wash. Next a short interlude on the organ strongly suggestive of the escaping steam, or plash of the waves, after which the choir individually and collectively asserted the firm, unshaken resolve that they would wash. "At last they solved the problem, stating that they proposed to 'wash their hands in innocence.'"

### In Record Time.

NEW YORK, July 7.—Jack Point, with 109 pounds up, ran a mile and a quarter in the Brighton Handicap today in record time of 2:04 3-5, winning the rich stake in a hot drive with the Kentuckian second and Imp, third, while Great Ethelbert was ten lengths back.

### America Forever.

LONDON, July 9.—American athletes today won eight out of thirteen of the amateur events for the championship of Great Britain.

### Metal Quotations.

SAN FRANCISCO, July 8.—No change in the silver market.

NEW YORK, July 8.—Brokers' price for copper was 16.25 at 16.50.

### Famous Painter Dead.

BERLIN, July 9.—Prof. Max Korner, the well known painter, is dead.

### Czarina is Ill.

ST. PETERSBURG, July 9.—The Czarina is ill and the Czar will probably postpone his travels.

The situation in the Kiowa and Comanche reservations is becoming serious on account of hundreds of prospectors flocking to the Wichita mountains, searching for valuable minerals. Five hundred are already there.

The New York board of health has decided to thoroughly disinfect the Chinese quarters in Manhattan, Brooklyn and Coney Island as a measure of precaution against the plague.

P. W. Robertson, a mining engineer, who is a graduate of McGill College at Montreal, is now at the Copper Queen smelter, where he is working hard for the purpose of adding a sound practical experience to his theoretical knowledge. Mr. Robertson was the winner of the important Dawson Fellowship in mining and metallurgy, a high distinction and much valued. He has been in Montana and Colorado, and will, from here, return to Colorado, where he will accept a position in his chosen profession.

The Cochise Review and Bisbee Daily Herald have consolidated and the result is in the hands of Paul Hull, under the management of the Bisbee News Co. This is a step in the right direction and insures to Bisbee a first-class paper, which the people will undoubtedly give first-class support.—Arizona Gazette.

Mr. Lavers, who has for some time occupied the position of bookkeeper at the Copper Queen store, left today for Tucson where he goes to take the position of manager of the large store of Mr. J. Ivanovich. Mr. Lavers has left a host of friends, here who wish him every success in his new field of labor.

C. A. Overlock was here yesterday en route from Bisbee to Maricopa county for hogs to return with for his market. He will stop here on his return. Mr. Overlock is interested in mining properties, and said the South Bisbee Company were now in position to build a town in the San Jose valley, four miles south of Bisbee. He said that Tombstone canyon contained the largest proportion of Bisbee's residences and that the camp keeps on growing.—Tucson Star.

### Arizona and South Eastern Railroad Company.

The annual meeting of the stockholders of this company for the election of directors and for the transaction of such other business as may properly be brought before the meeting, will be held at the office of the company, No. 99 John street, in the City of New York, on Monday, July 2, 1900, at 2 o'clock p. m.

### Wanted.

Bids for taking out rock on lots belonging to Methodist church, located on Stevens street. For further particulars apply to D. Roberts, pastor of said church.

### For Sale.

One frame house of three rooms with all rooms furnished; cellar and well with lots of good water; in brewery canyon. Apply to Mrs. Alfred Nyman.

## THE BOER CAMPAIGN

### Steyn Has Left For the Basutoland Border.

### FIGHTING STILL CONTINUES.

### Boers Still Hanging on. They Were Repulsed by Garrison With Heavy Loss.

LONDON, July 9.—Lord Roberts telegraphs from Pretoria, under date of July 8th, that President Steyn left Bethlehem on the night of July 4 for Fouriesburg, on the Basutoland border, with Christian Dewett, several other commanders and three thousand men. General Mahon on July 5th, drove off three thousand Boers with six guns who were menacing his right flank. The British casualties were four officers and twenty-three men were wounded and two missing. Boers attacked the British garrison at Rustenburg, west of Pretoria, on July 7th, but were repulsed with heavy loss.

### THE LAKE SUPERIOR.

### Two Calumet and Hecla Men Visit This Camp.

Captain James Hoatson, of Calumet, G. E. Fenner, of Pittsburg, mining men, and members of the Calumet and Hecla company, who have been in town several days, left Saturday. The two gentlemen carefully inspected the Lake Superior and Western property in which they are interested, and also looked over the South Bisbee, Lowell and the Copper Queen.

They expressed themselves as being well satisfied with the camp as a field for speculation, and were assured that it would rival any camp in the states as a producer in the near future.

They were very pleased with the outlook of the Lake Superior, and were satisfied with the progress made in the development of that mine.

### NEW WATER WORKS

### To be Built on the Mexican Side of Naco.

The Mexican authorities are about to commence the construction of water works on the Mexican side of the rising town of Naco.

It has long been acknowledged that the Mexican part of this border city is developing with such rapidity as to warrant the placing there of a water supply sufficient to meet the requirements of the increasing population, and this it has been positively decided to do at once.

A powerful pump and engine have been purchased and are ready to be placed in position, while the wells are being sunk as rapidly as possible.

Our townsman, Mr. E. G. Ord has been appointed superintendent of the work.

The well is already down 100 feet, and will be continued 100 feet further.

Speaking of the flag reminds one that there is a draft at the governor's office, and has been there for more than a year payable from the government of the United States to J. Rex Hall, a Rough Rider. Hall enlisted from Bisbee, where he had been proprietor of the Bisbee Orb. He had originally been intended for the Presbyterian ministry, but drifted into other vocations. He learned the printer's trade, became a hotel-keeper and was later a brakeman on the Mexican Central railroad. After that he drifted about the country as a reporter or printer and finally settled down at Bisbee. He died off San Juan Hill, shot through the head. No one in this territory knows whether he has any relatives to whom the draft may be sent.—Republican.

### Will Re-enter the Ring.

NEW YORK, July 9.—Young Griffo will return to the ring tomorrow night after an absence for some time. He will box Joe Gans for twenty-five rounds at the Seaside Athletic Club.

### Terrible Tornado.

MARSHALLTOWN, Iowa, July 9.—Tornado conditions prevailed throughout the northern part of Hardin county last night. Houses were unroofed and overturned, barns demolished and trees uprooted, but no loss of life is reported.
